Philosophy

Our philosophy is that young children learn at their own pace through play in a safe, respectful environment. Grace's Little Lambs play area reflects our belief that children need real materials (sand, dirt, water, and live animals) to learn about their world. As children learn about the world God created, they also learn to respect themselves and others. They learn social interaction and development, which means the children start to become respectful citizens at an early age.

Where your child is precious in His sight and ours!

The curriculum was developed with some underlying beliefs about how materials should be designed to maximize the joy and gift of learning which children of Pre-K and younger naturally receive from the Lord.

1. Children love to learn.
2. Learning should be fun.

The prepared environment is a well-organized classroom space especially designed to meet the needs of the children. We've developed a learning program that lets your child choose his or her own activities under the guidance of nurturing teachers.

Children in Grace's Little Lambs can explore just what they feel ready to discover. This gives them a better chance to succeed and feel good about who they are.

Grace's Little Lambs is affiliated with The Lutheran Church – Missouri Synod and uses the Voyages curriculum for religion classes.

Teachers

Our staff consists of professionals who are dedicated to providing a safe, quality, age-appropriate program that includes group and individual play. All our staff has been employed as qualified and competent persons to provide loving, understanding care for each child, and to meet the emotional, social, spiritual, and academic needs of each child.

Family

We believe parents are the most important adults in a child's life. Grace's Little Lambs Preschool/Pre-K encourages communication between parents and staff. Our doors are always open.
