Frequently Asked Questions

How many hours must I work?

There is no minimum, but thirty (30) hours per family is suggested over ten (10) months (that's an average of only 3 hours per month!) to meet the maximum allowed for tuition credit.

What if I want to work more hours, will I get more credit?

Although each family is only allowed a maximum of 30 hours for \$300 in tuition credit per year, we certainly welcome, additional help!

Can I just "show up" when I have time?

It is preferred that service time is scheduled in advance for planning purposes. There may be some last-minute opportunities available, but we cannot guarantee that it will be your preferred choice, or there may be nothing available.

Can double credit be earned if both adults come in or I buy more SCRIP?

No. The number of people needed per task will be listed, up to a maximum of thirty (30) hours per family. Purchasing SCRIP earns a tuition credit of 10% of each purchase up to a maximum credit of \$200.

If I choose not to do service hours or buy SCRIP, will I be charged a higher tuition rate?

No, tuition rates are as listed; the option to work service hours and purchase SCRIP is provided as an opportunity to earn up to a \$500 tuition credit discount per family.
